SNOW REMOVAL

- When your garbage and/or recycling carts have been emptied, move them back on to your property and away from the road. The grader or tractor need to maintain the roads and if your cart is on the road, Village Staff do not have time to move carts back to your property. Maintaining the roads in the village is the priority so there is a very good chance that your cart will be knocked over and could be damaged. Then you would have to replace your cart at your cost.

Industrial Subdivision Lots

The Village of Elbow has 8 lots for sale in the Industrial Subdivision – 3 of the lots are presently being advertised on the MLS website at: https://www.realtor.ca/real-estate/27462160/306-prospect-avenue-elbow

If you build a business, there are Business Tax Incentives that would apply. Please contact the office with any questions.
