**FOR THE
VILLAGE OF ELBOW
COUNCIL
MEMBER**

KYLE SOLIE

FOR COUNCIL

The Village Of Elbow Needs

Common Sense Approach
Transparency & Accountability
Sustainable & Responsible Growth

In assessing what's important to me, let's begin with what's important to the people who live in Elbow. The Mayor, Council and Administration all have a responsibility to serve the community, and that starts with listening and two way communication. Fostering an open door environment is vital to building trust and ensuring our community members voices are heard and valued. Your voice will be heard and together we will affect change, this is the key to a healthy and thriving community.

- **Communication**

Improving communication and transparency between council, administration, and residents is essential for fostering trust and community engagement. I would accomplish this using the following strategies:

- Regular Updates, Public Forums, Transparency Reports, Accessible Information, Website Improvements, Educational Workshops, Celebrate Successes

- **Fiscal Responsibility**

Promoting fiscal responsibility in our community is essential for long-term sustainability and preventing significant future tax hikes. Here are some strategies I plan to consider:

- Budget Planning, Cost Benefit Analysis, Long Term Financial Planning, Investing In Infrastructure, Reviewing Revenue Sources, Regular Audits

- **Dust Control**

Controlling road dust is important for health, environmental sustainability, and maintaining infrastructure. Here are several effective options I plan to explore:

- Dust Suppressants, Soil Stabilizers, Paving, Geotextiles, Road Maintenance, Speed Control, Community Involvement

- **Water & Sewer Services**

Water and sewer is vital for community health and sustainability. Here are some strategies for managing rates, enhancing service quality, and investigating infrastructure needs:

- Rate Assessment & Management, Improving Quality, Infrastructure Investigation & Monitoring, Community Engagement, Funding Opportunities, Monitoring & Reporting, Sustainability Initiatives

- **Economic Growth**

To drive sustainable growth in Elbow by attracting new opportunities, supporting local businesses, and fostering a growing environment and community we can consider the following strategies:

- Community Engagement, Attracting New Business Opportunities, Supporting Existing Local Businesses, Creating A Thriving Environment, Foster Innovation & Collaboration, Long Term Planning

Questions? Concerns? Comments? I'd love to hear them:

I am both honored and excited to announce my candidacy for the Village of Elbow council.

Over the past four years, my partner Rina and our daughter Téa have taken great pride in becoming part of the Village of Elbow. Having grown up in rural Saskatchewan and being newer to this community, I bring a unique perspective and valuable insights to the role.

I am an Electrical Engineering Technologist with nearly 20 years of experience in the trades. Throughout my career, I have had the opportunity to lead and contribute to numerous large-scale utility and industrial projects across western Canada and beyond. The leadership roles I've filled have equipped me with invaluable skills in problem solving, relationship development, and client and contractor management.

I believe that effective leadership, transparency, and collaboration are essential for addressing our community's needs and fostering a brighter future for all residents. I am committed to maintaining Elbow as a safe, progressive, and vibrant community, while fostering ongoing residential and commercial growth.

If elected, I will work tirelessly to ensure our village continues to thrive. I am dedicated to promoting sustainable development, improving public services and infrastructure, and restoring a strong sense of unity among all our residents. I will prioritize open communication and accountability, and I am committed to actively listening to the concerns and ideas of everyone in our community.

Thank you for your consideration, and I humbly ask for your vote on November 13th.

Sincerely,
Kyle Solie
