

New \$6.5 Million Multi-Purpose Facility Officially Opens!

Village of Elbow News Release

Issued: Fri., July 7, 2023

Today, the Village of Elbow and area celebrated the ceremonial grand opening of their new \$6.5 million multi-purpose facility now officially known as the Harbor Golf Community Center.

Work on the project – previously known as the Line 19 Regional Multi-Purpose Facility – at 1 Lakeside Road began in October 2021. Construction involved building the new facility, which now includes a hall that can also be used as a gymnasium, a library, a fitness centre, meeting rooms, and a kitchen, along with a large gravel parking lot. Construction of the facility was completed earlier this year.

The completed project will serve the Village of Elbow and also the other communities along Highway 19, such as the: Village of Hawarden, RM of Loreburn No. 254, Village of Loreburn, Resort Village of Mistusinne, and Village of Strongfield.

The Government of Canada invested \$2.6 million toward the project, and the Government of Saskatchewan will be contributing up to \$2,166,450. The Village of Elbow is responsible for funding the remainder of the project, which was done in part thanks to donations from the community.

“Our government is committed to supporting the physical and mental well-being of Canadians. This new facility will provide Elbow residents with more opportunities to stay active and engaged with their community, now and into the future. We will continue to work with our partners to support great projects like this one,” said the Honourable Dominic LeBlanc, Minister of Intergovernmental Affairs, Infrastructure and Communities.

“The Government of Saskatchewan is proud to play a role in the Village of Elbow’s multi-purpose facility project by investing more than \$2.1 million toward its completion. This new infrastructure serves several communities and provides a place to gather for various events that will build fond memories and strengthen the heart of this special part of our great province,” said the Honourable Dana Skoropad, MLA for Arm River and Saskatchewan’s Minister of Environment, on behalf of the Honourable Don McMorris, provincial Minister of Government Relations.

“Thanks to the investments by the Government of Canada and the Government of Saskatchewan, our business community and everyone in the area who pitched in their time, expertise and donations, this day is finally here. We did it! I’m so proud of everyone coming together in the region to achieve this common goal and to make this part of the province even better for all who call it home today and will tomorrow,” said Her Worship Colleen Hoppenreys, Mayor of the Village of Elbow.
